

# INDEX

## TO MONTHLY CATALOG, JANUARY—DECEMBER 1937

NOTE.—Entries appear in this index (1) under names of Government or corporate authors; (2) under personal authors; (3) under series titles or titles of publications, if distinctive; (4) under subjects. Specific subjects are not duplicated under the Government authors.

For the sake of convenience the various labor unions, etc., have been grouped alphabetically under the heading "Labor organizations", instead of making entries under names of such organizations in the main alphabet of the Index.

The list of page numbers immediately following the name of any Executive department, bureau, office, etc., refers to all entries under the corresponding center head on those pages of the Monthly Catalog proper.

Inclusive paging is not given, except in the case of hearings and reports under the names of the Committees of Congress, the names of the individual Congressmen submitting reports, and for certain entries under "Laws."
